

RELIGION LEEDS

Bespoke glass manufacturer Odyssey asked **mm** to showcase their capabilities with a new 'glass' based Gay bar in central Leeds.

The dark basement location lent itself to exploiting the textural, translucent and colour qualities of glass. **mm** created a stunning lighting effect with bespoke lumieres, white glass bar, wine wall POS, VIP lounges with Aquarium, glass dance floor with fold back glass 'projection wall' and 'Danny lane' inspired waterfall sculptural urinal wall in the open plan toilets.
